

Name of the project: support peshmarga

Local committee:Duhok_LC

Standing committee :SCOPH and SCORP

Location : Tlsqof , Duhok

Date: 15th /march /2018

Time: 9:00am

Aim: To do basic screening tests for peshmarga to give them an idea about their health and any problem they might have and to teach them basic life support to help during their dangerous work Plan of action : we went to tlsqof about 40min away from Duhok , we held a festival for them with 7 stations that's for blood glucose measuring and blood pressure, also dental station for oral examination along with some leaflets and gifts like tooth brush and pastes were shared to all peshmarga's . and lung survey by spirometry and awareness for the smokers , and basic life support station for giving simple instructions about how to save lives in case there's nothing available for war situations .
