PROFILE

I am a hardworking and problem solving professional with 9 years of experience in creating and implementing innovative high-quality solutions for many projects. I have a sharp perception and rational thinking. I can develop the innovative conceptual architectural design and urban public domain process, with sufficient skills to generate outstanding two dimensional and three-dimensional visualizations by many design graphic tools, AutoCAD,3Dsmax, Vray, and Adobe suite. My participation in many workshops and work in many architecture offices has let me gain sufficient experience in the field of architecture .

EXPERIENCE

INTERNSHIP ,CONSTRUCTION AND HOUSING GOVERNMENTAL OFFICE , *DUHOK KURDISTAN REGION 2009*

As an intern ,assisting the construction team ,drafting ,and performing research .
Duhok mini international Olympic pool (site survey, design drafting+3D visualization)

TEACHING ASSISTANTS,UNIVERSITY OF DUHOK ARCHITECTURAL ENGINEERING,
KURDISTAN REGION 2011-2017

Working as a lecturer assistant with students' projects in different scales, the main subjects were Architectural Design, Working drawing, Freehand Drawing, Landscape Design, and Interior Design . Most of the subjects were participating with one or two professors. I have gained an adequate experience in a different type of architectural projects, residential, commercial, and urban scale projects.

JUNIOR ARCHITECT AT ECOTECT TEAM COMPANY *DUHOK KURDISTAN REGION – 2011-2013*

As junior architect my duties ,presenting and attending design proposal clients , advising them ,producing plans and detailed drawings ,consulting with contractors and other professionals, attending regular meetings with clients, contractors, specialists, co-ordinating the work of contractors, and making site visits to check on progress.

JUNIOR ARCHITECT AT AZA COMPANY *DUHOK KURDISTAN REGION – 2014-2017*

My duties as an architect were discussing a project goal and its purpose with the clients. Also, draw a few rough design options that incorporate the client's goals and draw a more focused version of the selected design options. with extra information regarding the size, layout, and materials with elegant 3D views to help the clients understand what we have proposed according to their needs.

PARTICIPATE ARCHITECT STUDENT AT ARCHITECTURE FORUM ,*KYIV UKRAIN*
OCTOBER 4-5 -2018

Architecture the Future is the greatest European Architecture meeting on rising advances that molded the future uniting modelers, architects, engineers, media every one of the individuals who look to change the world through the improvement of cutting edge innovations.

LANDSCAPE ARCHITECT STUDENT, WORKSHOP RENOVATION AND
CONSTRUCTION OF TELEKI CASTLE ,*TRANSYLVANIA ,ROMANIA 11 APRIL -2019*

The goal of the workshop was to design and renovate the castle according to the historical background. Taking in the considerate style which has been already chosen, taking back the castle to its origin in a modern time, rejuvenates the historical spiritual, cultural of the castle, and the family.
