PERSONAL STATEMENT

Dear Sir/Madam

I am a 2017 degree of a master of Watershed management from University of Duhok/ college of agriculture. In addition, I received my BSc in forestry science from Duhok University/ Iraq in 2010. Before studying my master degree, I worked as a demonstrator at college of agriculture/ forestry department for four years applying my skills to be laboratory assistant in both Genetics, wood technology, irrigation system, range land management and watershed management subjects at university of Duhok/ college of agriculture/ forestry department to a range a good scientific assessments and management of multi-disciplinary student project teams. As a result of my work and educational experience, and my interest and heartiness, I think I am well suited to pursue to apply to obtain more knowledge on natural resources. I have a strong interest in the field of watershed management, water resources management, Meteorology and GIS and remote sensing. During my time as a demonstrator and as well as assistant lecturer and lecturer , I was able to distinguish myself as a proficient and motivated employee.

That I able to draw many maps by using GIS technique to many master students and also for many researchers that putted in their research. Having this in mind, I am highly confident that I can utilize my skills, knowledge, and enthusiasm to help my students to develop and implement sustainability initiatives.

Thank you very much in advanced for considering my application for this competitive position.

sincerely,

Ghariba Y. Haji
